

January 21, 2010

Dear CJA Attorney,

This letter is to confirm that CJA Panel Attorneys will continue to enjoy significant discounts on inData software compared to other customers. inData's most recent release of our industry leading trial presentation software is TrialDirector v5.2. We anticipate releasing TrialDirector v6 at the end of the 1st Quarter or first part of the 2nd Quarter. With this in mind, beginning January 16, 2010, each purchase of TrialDirector v5.2 will include a no-charge upgrade to the highly anticipated version 6. Shortly after the release of version 6, we will send to you an e-mail with instructions on how to obtain your free upgrade.

As of January 1, 2010 new Licenses of TrialDirector will be available for \$347.00 (50% off retail), plus the first year's mandatory software maintenance in the amount of \$139.00.

In addition, upgrades to v5.2 for current v4.5 license holders will be available at 50% off retail for \$173.50, plus \$139.00 for annual software maintenance. Annual software maintenance entitles the licensee to technical support, both email and telephonic, as well as all updates within version 5, (ex: 5.1, 5.2, 5.3...5.5...etc.) as long as maintenance remains current.

We appreciate the support of the CJA and look forward to continuing to improve our software for the benefit of all CJA users.

Please feel free to contact us if you have any questions or there is anything else you require.

Regards,

Derek Miller
President & CEO
